D. O. No 480 of 19.10.25

Requests that the minimum pay of the Superintendent, Govt Gardens, may be fixed at Rs 700 and that he may be allowed to draw the minimum salary as Superintendent.

An interview slip dated 23rd Oct 25 is placed in the file.

The pay of the Superintendent, Govt Gardens, is not fixed. Mr. Krumbiegel's salary was fixed at Rs 600-25-1,100, ~~of which a sum of Rs 25~~ and he was also getting a conveyance allowance of Rs 75 per mensem.

As Offg. Supdt, Mr. Gunaraya draws Rs 390 (his grade pay as Asst. Supdt) + acting allowance of Rs 120 = Rs 450 per mensem. He is also getting the conveyance allowance of Rs 75 per mensem.

Submd for orders. C.B. file no. 14-25 containing Decns ~~re~~ orders dated 17th July 25 in regard to Mr. Gunaraya's ~~T.A.~~ rates of T.A. is also put up.

Serial No

Bygone Service Regulations acting incumbents are allowed to draw the minimum pay of the appointment. The Supdt Govt Gardens is not one of them if Govt are so desired they may as a special case allow him to draw the pay and allowances with which he may be vested

In this connection reference is invited to the Secretariat minute of the 17th Jan in C B file No 14 of 1925.

As the Supdt of Horticulture we have recently fixed a Grade of Rs 500-50-1000 by Government in this view a pay of Rs 600 for the Supdt of Govt Gardens does not seem inadequate.

Subject:—

Representation of Mr. H.C.Javaraya, L.Ag., F.R.H.S., Acting Superintendent, Government Gardens, about his emoluments.

These papers relate to the request of Mr. H.C.Javaraya, acting Superintendent, Government Gardens for an increase in his present - emoluments.

In Government Notification dated the 20th July 1925 Mr.H.C.Javaraya was appointed to act as Superintendent of Government Gardens, vice Mr.G.H.Krumbiegal appointed to officiate as Director of Agriculture. He is now drawing a pay of Rs.330 p.m. (his grade pay as Assistant Superintendent) plus an acting allowance of Rs.120, making a total salary of Rs.450 p.m. He is also permitted to draw the carriage allowance of Rs.75 p.m. attached to the post of Superintendent.

Mr.Javaraya has now submitted for the consideration of Government a representation stating that his duties are heavy and he has got to do much travelling and praying that, with a view to enable him to discharge his duties with efficiency, the minimum pay of the Superintendent's - grade may be raised to Rs.700 and that he may be allowed to draw the increased minimum pay from the date of his present appointment.

The matter was considered in Council on the 12th November 1925 and the Council are of opinion "that in view of the long-standing - character of the vacancy, Mr.Javaraya's emoluments as acting Superintendent may be fixed at Rs.500, while he acts as Superintendent of Government Gardens, in addition to the existing conveyance allowance of - Rs.75 per mensem."

The Resolution of the Council may be graciously approved.

D.O. No.480 Ena.1

Office of the Economic Botanist
& Superintendent, Government Gardens
in Mysore,
Lalbagh, Bangalore,
15 October 1925.

Dear Sir,

With reference to Notification No.219/C.B. 18-25-1 dated 20th July 1925 and Memo No. 220/C.B. of the same -- date appointing me to act as Superintendent, Government Gardens & Museum and Economic Botanist and ordering that I will be allowed to draw an acting allowance calculated on a pay of Rs.600 per mensem in addition to the grade pay of my permanent appointment, viz. Rs.330, I beg to submit that the salary of Rs.450 under this order is quite inadequate for carrying on my duties efficiently and I -- request that as in the case of the officers mentioned in article 67 of the Mysore Service Regulations, Government may be pleased to fix for an officer acting as Superintendent, Government Gardens a minimum salary that is adequate to enable him to perform his duties in a satisfactory manner.

It was seventeen years ago that the present grade was fixed for the appointment with an initial pay of Rs.600. Conditions of life have since changed enormously and the instrinsic value of salaries has gone down by at least 40%, on the other hand, the work devolving on the Superintendent has increased vastly.

The number of charges in the department seventeen years ago was only eleven(11), whereas now it is twenty-five(25) as shown in the enclosed list; the Budget allotment then was Rs.57,516, while now it is Rs.2,29,839; and the number of employees in the department then was 202 but now it is 392. It will thus be seen that the work of the department has doubled itself from all points of view. My work both in the executive line and in the office is exceedingly heavy. I have to manage the Gardens & Parks, the Museum and the Hill Stations besides attending to works connected with the Horticultural Society and dealing with the planting of trees along roads and in Public Squares and Circles. Inspecting private gardens in Bangalore and Mysore and orchards in and around these cities forms also an important part of my -- duties. My correspondence with official departments and the non-official public (both in the State and outside) who are showing increasing interest in gardening and are seeking for technical advice and guidance more widely than before, takes a good deal of my time. I am occupied so fully from early morning till late at night that I have hardly any time that I can call my own, particularly with visitors calling for information at all hours of the day. I have to move about a good deal both in the City and Cantonment and sometimes even beyond these limits almost daily on account of the large number of places that I have to inspect and of my engagements both with officials and non-officials in connection with professional work. I have also to go to Mysore, Seringapatam, Nandi and other moffusil places frequently for inspection as well as for advising rayats in the cultivation of fruits and vegetables. And in connection with the planting of Avenue trees for which vigorous steps are now being taken with the cooperation of the heads of districts, travelling by road has become imperative.

To discharge all these duties efficiently I must equip myself suitably, keep a small car and maintain myself in a manner which is altogether beyond my present means, especially seeing that out of my present emoluments of Rs.525(including Conveyance Allowance) I actually get less than Rs.400 after paying the Government loan instalment and interest on private debt contracted in connection with my deputation to Europe. In all these circumstances, I beg that Government may be pleased to fix the minimum of the Superintendent's grade at Rs.700 and allow me, as acting Superintendent, to draw this amount as the minimum salary of the appointment.

May I also state in this connection that during the past two years I have had no increase on my own grade pay after I returned with higher foreign training which while increasing, as I venture to think, my usefulness and efficiency has been so strenuous and expensive to myself?

I beg that Government may be pleased to give their most favourable and sympathetic consideration to the points urged above and pass early orders giving me the minimum salary prayed for above with effect from the date of my appointment as acting Superintendent.

I remain,

Yours sincerely,

M. C. Jawaraya.

SUBMITTED.

As acting Economic Botanist and Superintendent of --- Government Gardens and Museum, I now get my grade pay of Rs.330 + acting allowance of Rs.120/- per mensem. I find that this salary is quite inadequate for carrying on my duties efficiently. I beg to request that Government may be pleased to fix an adequate minimum salary as in the case of several other Officers.

The present grade was fixed for the appointment seventeen years ago with an initial pay of Rs.600/- per mensem. Conditions of life have since so greatly changed that the intrinsic value of salaries has gone down by at least 40% while, on the other hand, the work of the Superintendent has actually doubled.

My work both in the office and outside is very heavy. I have to move about a good deal and much of my time now is taken up in getting from one place to another. Travelling by road has become imperative on account of the Avenue planting work which has been taken up now. In the course of my work I come in contact with persons of high rank here as well as distinguished visitors from outside the State.

To discharge all my duties efficiently I must equip myself suitably, keep a small car and maintain myself in a manner altogether beyond my present means, specially seeing that out of my emoluments of Rs.525 (including the D.A.) I actually get less than Rs.400 after paying the Government loan instalment and interest on private loan contracted while on my deputation. And after my return with my foreign training I have had no increase in my own grade pay.

I beg that Government may be pleased to fix the minimum pay of the Superintendent's grade at Rs.700 and allow me as Ag. Superintendent to draw this amount from the date of my appointment.

THE MYSORE HORTICULTURAL SHOW.

The Palace Gardens known as the "Madwana" which has made such wonderful progress under Mr. Javaraya's fostering care, was again very much to the fore in the exhibits of vegetables both English and Indian, while it also showed for the first time, some very fine apples which are grown on the orchard

which is attached to the gardens. There were several prize cabbages, radishes and carrots, and on the Indian side, an assortment of brinjals covering, goodness only knows, how many distinct varieties, chillies embracing an almost equally wide range, cucumbers of special size and the well known shake beans. There were also some splendid guavas, the biggest yet seen on this side of India, grown on the Palace Gardens, Papayas and bunches of the famous Mysore plantains.

Mr. Javaraya and his coadjutors who, as usual, worked very hard in the arrangement of the thousands of separate exhibits, as well as in all other matters connected with the show, are to be complimented on its success which as I have said, is in the face of present conditions, especially creditable.

My dear Javariah,

It is with feelings of transcendental joy that I write this to offer you my warmest and most sincere -- congratulations on your well-deserved lift to the post of Superintendent of the Government Botanical Gardens in Mysore to succeed Mr. Krumbiegel who has now become Director of Agriculture. This elevation of yours is the natural consequence of your good sense, whole-hearted devotion to work and also fairmindedness and capacity which unlike several others, you never miss any opportunity to improve. You know how I can personally bear testimony to this all from your work here in the Palace. You know also how it has been my delight to speak to you oft and about the practical side of man's moral nature and its elevating function to work out his destiny under God's Grace so far as I could do so on all ~~generally~~ various from my humble experience in life for nearly half a century: You have taken this, I am glad, in the spirit in which it has been intended.

It only remains now for me to wish you long life and happiness and further honours at the gracious pleasure of our benevolent Sovereign in due course.
